# Introducing the Dahlia

## KISS ME

---

New York City's Florists claim this is the very best bicolor "red and white" cutflower Dahlia in cultivation, far superior to all other bicolored varieties such as "Cigarette", "Market Queen", "Earl Williams", "Wm. Hogan". "Noblis". "York and Lancaster," etc., for Floral purposes.

Although unknown to American Dahlia Specialists, this variety "Kiss Me" is famous as a Florist's Cutflower Dahlia in Germany and other parts of Europe for many years, and catalogued there under name of "Kusse Mich", and is said to be entirely distinct from the European variety of similar name, "Kismeth", which is only of one solid color "carmine red" and now well-known in the U. S.

Nevertheless, this Dahlia "Kiss Me" is a corking good variety, best of growth, fine long straight stiff stems, very free bloomer of good size scarlet red and white blooms of semi cactus type that come true to bicolors and last, but not least, always outsells all other red and white varieties and at highest market prices.

Stock of this variety is offered in the U. S. for the first time this season, having previously been controlled by only two German cutflower growers of Long Island, who refused to sell at any price until this season.

At their request we are helping in distributing their surplus over the planting requirements for the coming season.

We highly recommend this variety not only for cutting, but also as a sterling garden variety.

In comparison with many new introductions, this variety would be cheap at \$10.00 per root, but due to the fact that these growers wish to quickly turn surplus stock into cash we offer roots at reasonable prices as follows:

Florists and Dahlia Growers who specialize in cutflowers, here is a chance to get started on an exceptionally good and profitable new variety at a New Deal introductory price:  
**DIVISIONS FOR SPRING DELIVERY:** .50 ea.; \$5.00 per doz.; \$40.00 per 100.

**LIMITED QUANTITY OF CLUMPS FOR IMMEDIATE ACCEPTANCE:** \$1.00 ea.; \$10.00 per doz.
